

KOALA SMART ADVISOR - Role Description

Are you an expertise in environmental conservation or the educational field? Do you want to actively participate in educating, motivating and inspiring students to become catalysts for change?

We are seeking experts in the conservation field that can assist teachers and students with their school project development and delivery. You will be added to our database of experts and be called upon when a school is embarking on a school project relevant to your area of expertise. An example could include supporting a class as they navigate a project involving mitigating koala road strikes. This work can be done in person or remotely through teleconferencing.

We are also seeking experts in Primary and Secondary Education as advisors who can support teachers navigate school project development. These experts may also assist Koala Smart behind the scenes by ensuring resources stay current and aligned with school curriculums. This is an opportunity to play a significant and vital role in shaping Koala Smart. As an advisor you will have the potential to contribute to collegiate learning, add to your own professional development, and you may use this experience for Teacher Identified Hours.

Advisors may also be consulted on development of new Koala Smart content or various aspects of the organization.

Responsibilities

- Be willing to provide expert advice to Koala Smart and teachers
- Liaison with other Koala Smart volunteers
- Motivating and inspiring students with their project ideas and advising
- Possibly assist in creation of new website resources
- Provide feedback on Koala Smart content or documents as requested
- Provide guidance to Koala Smart management as requested
- Log your volunteer hours
- Promote Koala Smart
- Respond to emails and phone calls
- Provide exceptional customer service
- Fill in reports as required

Requirements and skills

- Be over 18
- Hold a current Working with Children Check (free for volunteers)
- Passionate about Koala Conservation
- Education experience within a school environment desired
- Be willing to gain familiarity with navigating Koala Smart website
- Excellent phone, email, messaging, and communication skills
- Experience in working with a diverse demographic of individuals is desirable
